

Traveling to the VIB-UGent Center for Inflammation Research

The VIB-UGent Center for Inflammation Research is housed at the FSVM I building at Technologiepark-Zwijnaarde 71 (Tech Lane Ghent, Campus Ardoyen).

There are multiple possibilities to reach Tech Lane Ghent: <http://www.techlane.be/contact-us/#travel>

If you travel by train, you can use the **free shuttle service**. You can find the shuttle bus at the back entrance of the train station (Voskenslaan), near the Kiss&Ride zone. Please mention on the bus that you are a visitor and that you will attend the “**GGIG2023 meeting**”. The shuttle bus will stop in front of the FSVM I building, this is the first stop at the campus. All practical information can be found on the website mentioned above.

If you travel by car, you can enter the Technologiepark campus and take a ticket at the barrier. You can park your car in front of the FSVM I building on the parking lot. If this parking is full, you need to park at the parking tower (<http://www.techlane.be/park-services/#parkingfacilities>). Using other parking lots or parking on the shoulder is not allowed. You can park for free with an exit ticket. Please ask the organizers of the event or the receptionist for an exit ticket. **To use the exit ticket, first enter your entrance ticket and then the exit ticket.**

If you travel by bike, then you can park your bicycle on the left of the FSVM I building.

If you have questions, please contact the [reception desk](#).
